At the Company's Eighteenth AGM held on 29 June 2021, the Company had obtained the shareholders' mandate for RRPTs under the Proposed Renewal of Shareholders' Mandate as set out in the previous circular dated 31 May 2021. The said shareholders' mandate shall, in accordance with the Listing Requirements, expire at the conclusion of the forthcoming Nineteenth AGM of the Company, unless it is renewed at the said Nineteenth AGM of the Company.

The purpose of this Circular is to provide you with relevant information of the Proposal, and to seek your approval for the resolution pertaining to the Proposal to be tabled at the forthcoming Nineteenth AGM of the Company.

The Notice of the Nineteenth AGM and the proxy form are set out and enclosed in the Company's Annual Report 2021.

Shareholders are advised to read and consider carefully the contents and appendix of this Circular before voting on the resolution pertaining to the Proposed Renewal of Shareholders' Mandate at the forthcoming Nineteenth AGM.

2 DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE

2.1 The Listing Requirements

Paragraph 10.09 (2) of the Listing Requirements provides that in relation to related party transactions of a revenue or trading nature which are necessary for the day-to-day operations of a listed issuer or its subsidiaries, the listed issuer may seek a shareholders' mandate in respect of such transactions subject to the following:

- a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- b) the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where the aggregate value is equal to or more than the threshold below in relation to a listed issuer with an issued and paid-up capital of RM60 million and above:
 - i) the consideration, value of the assets, capital outlay or cost of the aggregated transactions is RM1 million or more; or
 - ii) the percentage ratio of such aggregated transactions is 1% or more,

whichever is higher;

- c) the listed issuer to issue circular to shareholders for the shareholders' mandate;
- d) in a meeting to obtain the shareholders' mandate, the interested director, interested major shareholder or interested person connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder, must not vote on the resolution to approve the transactions. An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- e) an immediate announcement is made to Bursa Securities when the actual value of an RRPT entered into by the listed issuer, exceeds the estimated value of the recurrent related party transaction disclosed in the circular by 10% or more and the announcement must include the information as may be prescribed by Bursa Securities.

Where a listed issuer has procured shareholders' mandate pursuant to Paragraph 10.09 of the Listing Requirements, the provisions of Paragraph 10.08 of the Listing Requirements will not apply with regard to transactions as detailed in Part A, Section 2.4 of this Circular.

Accordingly, the Company wishes to seek for approval from its shareholders on the Proposal in order for the Group to enter into the RRPT, details of which are stated in Part A, Section 2.4 of this Circular.

2.5 Rationale and Benefits of the Proposal

The RRPTs set out in Part A, Section 2.4 of this Circular are recurring transactions of a revenue or trading nature entered into by ECB Group in the normal course of business to facilitate its day-to-day operations and to generate revenue and contribute to the profitability of the Group. The rationale and benefits of the RRPTs to the Group are as follows:

a) Proposed Renewal of Shareholders' Mandate:

i) Rental/lease of premises

ECB Group rents certain commercial properties from TSDNE for the use as office premises which are necessary for its day-to-day operations.

ii) Rental/lease of premises

ECB Group rents certain properties from TSDNE for the purpose of provision of accommodation to staff and use as staff accommodation.

iii) Engineering, procurement, construction, fabrication and commissioning services of oil & gas equipment and platform

EVORF, a wholly owned subsidiary of ECB, is involved in business of engineering, procurement, construction, fabrication and commissioning of offshore platforms for Oil & Gas Industry. The RRPT with VOSB, which is in line with the principal business activities of EVORF, is expected to contribute positively to the future business opportunities and financial performance of EVORF and ECB Group.

2.6 Guidelines and Review Procedures for RRPT

ECB Group has established the following review procedures to ensure that the RRPTs are conducted at arm's length and on normal commercial terms consistent with the Group's usual business practices and policies, are not more favourable to the Related Parties than those generally available to the public and are not detrimental to the interests of the minority shareholders:

- a) The terms of any transaction proposed to be entered into between the Company or any of its subsidiaries involving the interest of a Related Party will be submitted to the Senior Management and Group Managing Director of the Company for review, if the transaction is involving the Group Managing Director, the said transaction will be forwarded to the Audit Committee ("AC") for review;

2 DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE (CONT'D)

2.6 Guidelines and Review Procedures for RRPT (cont'd)

- b) Wherever practicable and/or feasible, at least two (2) other contemporaneous transactions with unrelated third party for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the Related Party are fair and reasonable and comparable to those offered to/by other unrelated third party for the same or substantially similar type of products/services and/or quantities;
- c) In the event that quotation or comparative pricing from unrelated third party cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products or services, or if the product/service is a proprietary item), the transaction price will be determined by those offered by/or other unrelated party for substantially similar type of transactions and approved by the Board to ensure that the RRPT are not detrimental to ECB Group;
- d) Information on Related Party of the Group, and guidelines and review procedures for RRPT are available to all the companies in the Group. Any update of information and/or revision in guidelines and procedures will continue to be disseminated from time to time, for their reference. This is to ensure that all transactions with Related Party are undertaken in arm's length basis and on normal commercial terms which are not or will not be more favourable to the Related Party than those generally available to the public;
- e) The Senior Management will determine whether the transaction is recurrent in nature. If it is concluded that a RPT is recurrent and is undertaken on an arm's length basis and is in line with ECB Group's normal commercial terms and on terms not more favourable to the Related Party than those generally available to the public, the Senior Management will forward their recommendation to the Group Managing Director;
- f) With the concurrence of the Group Managing Director, the recommendation will be submitted to the AC;
- g) The AC will review the recommendation and report the same to the Board of Directors for its decision;
- h) A register will be maintained by the Company to record all RRPT;
- i) The AC shall review the internal audit reports to ascertain that the guidelines and procedures established to monitor RRPT have been complied with and the review may be done together with the review of the quarterly results;
- j) The Board and the AC shall review the adequacy and appropriateness of the procedures as and when required, with the authority to sub-delegate to individuals or committees within the Company as they deem appropriate; and
- k) If a member of the Board or the AC has an interest in a RRPT to be reviewed by the Board and/or the AC, he or she will abstain from any decision making by the Board or the AC as the case may be, in respect of such transaction and continue to abstain from shareholders' voting on the resolution, if they are also shareholders of the Company.

2 DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE (CONT'D)

2.7 Threshold of Authority

There is no specific threshold for approval of RRPT within ECB Group. However, all RRPTs are subject to review and authorisation by Senior Management and/or the Group Managing Director, provided always that such authorisation authority has no interest (direct or indirect) in the transaction and the said transaction has been approved by the Board in accordance to the shareholders' mandate obtained at a general meeting. Where any director has an interest (direct or indirect) in any RRPT, such director shall abstain from deliberation and voting on the matter. If it is determined that the guidelines and review procedures stated in Part A, Section 2.6 of this Circular are inadequate to ensure that:

- a) the RRPT will be conducted at arm's length and on normal commercial terms which are not more favourable to the Related Party than those generally available to the public;
- b) such transactions are not detrimental to the interests of the minority shareholders of the Company or prejudicial to the interests of the shareholders,

the Company will seek for a fresh mandate from its shareholders.

2.8 Validity Period for the RRPT Mandate

The RRPT Mandate is subject to annual renewal. In this respect, authority conferred by the RRPT Mandate shall take effect on 1 June 2022 being the date of the Nineteenth AGM and shall continue in force until:

- a) the conclusion of the next AGM of the Company at which time it shall lapse unless by ordinary resolution passed at the meeting, the mandate is renewed, either unconditionally or subject to conditions; or
- b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever is earlier.

2 DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE (CONT'D)

2.9 Amount Due and Owing by Related Party

Total outstanding amount due and owing pursuant to RRPT to the Group which exceeded the credit term for the period as at 31 December 2021 is as follows:-

Period	Principal sum RM'000
A period of 1 year or less	-
A period of more than 1 to 3 years	233,826
A period of more than 3 to 5 years	-
A period of more than 5 years	-
Total	233,826

EVORF provides services for engineering, procurement and fabrication of oil & gas equipment and platform for construction of lift boats to VOSB.

As guaranteed by VHSB and TSDNE, EVORF obtained a term facility ("Murabaha Facility") of AED100,000,000 from Al-Hilal Bank PJSC ("AHB") to finance the construction work of one of the liftboats, ("Vahana Aryan"). Upon completion of Vahana Aryan, EVORF shall drawdown subsequent banking facility ("Ijarah Facility") amounting to AED232,000,000 to settle the Murabaha Facility, and the balance is to be released to EVORF. Pursuant to the facility offer letter from AHB dated 22 November 2016, EVORF and AHB can mutually agree to shift the Ijarah Facility from EVORF to VOSB post-completion and commercial operation of Vahana Aryan. Progress claim on construction of Vahana Aryan from EVORF to VOSB is deemed to be settled upon shifting the facility.

However, AHB is unable to process with the transfer arrangement of Ijarah Facility due to their current corporate merger exercise. EVORF is working with VOSB to resolve the transfer issue and VOSB is in the midst of completing financing to redeem the loan with AHB.

No late payment charges are imposed on the receivables from the above Related Party because the parties have mutually agreed not to impose any late payment charges as VOSB has agreed to undertake to service the Ijarah Facility's principal and interest until such time the Ijarah Facility is shifted to VOSB.

Based on the above banking arrangements, the Board, other than TSDNE and Narishnath A/L Nathan, is of the opinion that there is no recoverability issue in respect of the overdue amount from the related party.

2.10 Disclosure in Annual Report 2021

The Company has disclosed the details of RRPT conducted during the financial year ended 31 December 2021 in its Annual Report 2021 in accordance with the Practice Note 12, paragraph 3.1.5 of the Listing Requirements.

Disclosure of the same will be made in the annual report of the Company for the next financial year during which the RRPT Mandate is in force, providing among others, the following information:

- a) type of RRPT; and
- b) name of Related Party involved in each type of RRPT and his/her relationship with the Company.

3 AUDIT COMMITTEE'S STATEMENT

The Audit Committee ("AC") of ECB, which has been given the responsibility of determining whether the guidelines and review procedures for RRPT are appropriate and relevant, comprised of the following members:

- a) Puan Nazariah Binti Ibrahim (Chairperson of AC; Independent Non-Executive Director);
- b) Encik Mohammad Nizar Bin Idris (Senior Independent Non-Executive Director); and
- c) Datuk Iskandar Bin Sarudin (Independent Non-Executive Director).

The AC will also review the RRPT proposed by the management before making recommendation to the Board for a decision to propose to the shareholders. The AC also reviews the RRPT executed by ECB Group on a quarterly basis, and reviews the guidelines and procedures as set out in Part A, Section 2.6 on yearly basis or such frequency as it considers appropriate having regard to the value and the frequency of the RRPT. The AC and the Board are committed to ensure adequate procedures and processes are in place to identify, monitor and track RRPT in a timely and orderly manner that the RRPT are carried out on arm's length basis and made in the ordinary course of business on terms which are not favourable to the Related Party than those available to the public and will not be detrimental to the interest of the minority shareholders of the Company.

4 FINANCIAL EFFECTS OF RRPT MANDATE

The RRPT Mandate is not expected to have any material effect on the issued and paid up share capital, net tangible assets and the shareholding structure of the Company. However, the effects of the RRPT to the earnings of the Company and of the Group, especially those RRPTs in relation to the engineering, procurement, fabrication, construction and commissioning of equipment, structural building and platform for oil and gas industry will be subjected to execution risks which are of inherent nature in any form of business activities.

To: The Shareholders of the Company

Dear Sir/Madam,

PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES

1 INTRODUCTION

On 29 April 2022, the Company had announced its intention to seek for shareholders' authority to purchase its own shares of up to ten percent (10%) of the issued and paid up share capital.

At the Company's Eighteenth AGM held on 29 June 2021, the Company had obtained the shareholders' initial authority for the Proposed Renewal of Authority on Share Buy-Back. The said shareholders' authority shall, in accordance with the Listing Requirements, expire at the conclusion of the forthcoming Nineteenth AGM of the Company, unless it is renewed at the said Nineteenth AGM of the Company.

The purpose of this Circular is to provide you with relevant information of the Proposed Share Buy-Back and to seek your approval for the resolution pertaining to the Proposed Authority to the Company to Purchase its Own Shares to be tabled at the forthcoming Nineteenth AGM of the Company.

The Notice of the Nineteenth AGM and the proxy form are set out in the Company's Annual Report 2021.

Shareholders are advised to read and consider carefully the contents and appendix of this Circular before voting on the ordinary resolution pertaining to the Proposed Authority to the Company to Purchase its Own Shares at the forthcoming Nineteenth AGM.

2 DETAILS OF THE PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES

2.1 Laws and Regulatory Requirements

ECB wishes to seek for authority from the shareholders for the Company to purchase Eversendai Shares, through Bursa Securities, up to ten percent (10%) of the issued and paid-up share capital of the Company at any point in time. Any purchase of its own shares by the Company will be made in compliance with, and in the manner prescribed by Section 127 of the Act, the Listing Requirements and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of purchase.

2.2 Dealings in Shares Purchased

All Eversendai Shares purchased by the Company may be dealt with by the Directors in accordance with Section 127 of the Act in the following manner:

- a) to cancel the Eversendai Shares so purchased; or
- b) to retain the Eversendai Shares so purchased as treasury shares for distribution as dividends to the shareholders of the Company and/or re-sell on Bursa Securities in accordance with the Listing Requirements and/or subsequently cancelled; or
- c) to retain part of the Eversendai Shares so purchased as treasury shares and cancel the remainder.

In the event that the purchased shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distributions or otherwise will be suspended. The treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purposes including substantial shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on the resolution at a meeting.

If the Company decides to cancel the shares purchased, it is required to make an immediate announcement on the day the cancellation is made providing the number of shares cancelled, the date of cancellation and the outstanding issued and paid-up share capital of the Company after the cancellation. In the event the Company retains the shares purchased as treasury shares, the said shares may be distributed as share dividends, resold on Bursa Securities in accordance with the Listing Requirements or subsequently cancelled.

The Eversendai Shares potentially to be purchased pursuant to the Proposed Share Buy-Back shall be at prices not exceeding 15% above the WAMP of the Eversendai Shares for the five (5) Market Days immediately prior to the purchase and will be purchased from the open market through Bursa Securities.

The Treasury Shares arising from the Proposed Share Buy-Back, including those Eversendai Shares that have been bought back as at the date of this Circular, shall be resold on the market, if so determined by the Board, at:

- a) a price which is not less than the WAMP of the Shares for the five (5) Market Days immediately before the resale; or
- b) a discounted price of not more than 5% to the WAMP for the Eversendai Shares for the five (5) market days immediately before the resale provided that:
 - i) the resale takes place not earlier than 30 days from the date of purchase; and
 - ii) the resale price is not less than the cost of purchase of the shares being resold.

2 DETAILS OF THE PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES (CONT'D)

2.2 Dealings in Shares Purchased (cont'd)

The public shareholding spread of the Company based on the Record of Depositors as at 30 March 2022 being the latest practicable date prior to the printing of this Circular, was approximately 25.02%. If the Proposed Share Buy-Back is implemented in full i.e. up to 10% of the Eversendai Shares are purchased from the public entirely and all the shares purchased are either cancelled or held as treasury shares, and assuming the shareholdings of the Directors, substantial shareholders or persons connected with the Directors and/or substantial shareholders remain the same, the public shareholding spread of the Company is expected to be approximately 22.52%. Thus, the Company, in implementing the Proposed Share Buy-Back, will be mindful in ensuring that the minimum public shareholding spread of 25.0% is met.

2.3 Rationale for the Proposed Authority to the Company to Purchase its Own Shares

The potential advantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:

- a) allows the Company to take preventive measures against speculation particularly when Eversendai Shares are undervalued which would in turn stabilise the market price of Eversendai Shares and hence, enhance investors' confidence;
- b) allows the Company flexibility in achieving the desired capital structure, in terms of the debt and equity composition and the size of equity; and
- c) as the Board would have an option to distribute the purchased Eversendai Shares as share dividend to reward shareholders of the Company and/or cancel the Eversendai Shares bought back by the Company so the net earnings per share of the Company will increase.

The potential disadvantages of the Proposed Share Buy-Back to the Company and its shareholders are as follows:

- a) the Proposed Share Buy-Back will reduce the financial resources of ECB Group and may result in the Group foregoing better investment opportunities that may emerge in future; and
- b) as the Proposed Share Buy-Back can only be made out of retained profits available, it may result in the reduction of the amount available for distribution to shareholders of the Company.

The Proposed Share Buy-Back, if exercised, will reduce the financial resources of the Company, but since the amount is not substantial, it will not affect the furtherance of the Company's business or payment of dividends. Nevertheless, the Board will be mindful of the interest of the Company and its shareholders in undertaking the Proposed Share Buy-Back and in the subsequent dealings in the Eversendai Shares purchased.

2 DETAILS OF THE PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES (CONT'D)

2.4 Effects of the Proposed Share Buy-Back

The effects of the Proposed Share Buy-Back and the implication relating to the Malaysian Code on Take-Overs and Mergers, 2010 are as follows:

2.4.1 Share Capital

The Proposed Share Buy-Back will have no effect on the issued and paid up share capital of the Company if the Eversendai Shares to be purchased are retained as Treasury Shares and/or distributed to the shareholders of the Company as dividends. However, these Treasury Shares are not entitled to any of the rights attached to the existing Eversendai Shares as to voting, dividends and participation in other share-based distribution.

As at 30 March 2022, the Company holds 101,000 Treasury Shares. For illustrative purposes and assuming that:

- a) there is no further share buy-back pursuant to the shareholders' authority obtained in the last AGM of the Company held on 29 June 2021; and
- b) the forthcoming Proposed Renewal of Authority on Share Buy-Back is approved by shareholders and implemented in full and all the purchased Eversendai Shares are cancelled,

the Proposed Renewal of Authority on Share Buy-Back will have the following effects on the issued and paid up share capital of the Company:

	Number of Eversendai Shares
Issued and paid-up share capital as at 31 December 2021	781,100,000
Less: Assuming Eversendai Shares purchased under the Proposed Authority to the Company to Purchase its Own Shares are cancelled (up to 10% of the issued and paid-up share capital)	78,110,000
	<hr/> 702,990,000 <hr/>

2.4.2 Net Asset ("NA") and Working Capital

The effect of the Proposed Share Buy-Back on the Net Asset ("NA") of ECB Group will depend on the purchase price(s) of the Eversendai Shares and the effective funding cost to the Group to finance the purchase of Eversendai Shares or any loss in interest income to the Company.

In the event that all the Eversendai Shares so purchased are cancelled, the Proposed Share Buy-Back would reduce the NA of the Group when the purchase price per Eversendai Share exceeds the NA per Eversendai Share at the relevant point in time, and vice versa.

The Proposed Share Buy-Back will reduce the working capital of ECB Group, the quantum of which will depend on the purchase price(s) of the Eversendai Shares and the number of Eversendai Shares purchased.

2 DETAILS OF THE PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES (CONT'D)

2.4 Effects of the Proposed Share Buy-Back (cont'd)

2.4.2 Net Asset ("NA") and Working Capital (cont'd)

The Proposed Share Buy-Back may increase or decrease the NA per Eversendai Share, depending on the purchase price in comparison to the NA per Eversendai Share at the time that the purchase is made.

If the treasury shares are resold on Bursa Securities, the NA per Eversendai Share will increase if the Company realises a gain from the resale, and vice versa. If the treasury shares are distributed as share dividends, the NA per Eversendai Share will decrease by the cost of the treasury shares.

2.4.3 Earnings per Share

The effect of the Proposed Share Buy-Back on the Earnings Per Share ("EPS") of ECB Group will depend on the purchase price(s) of the Eversendai Shares and the effective funding cost to the Group to finance the purchase of Eversendai Shares or any loss in interest income to the Company.

Assuming the Eversendai Shares purchased are retained as treasury shares and resold, the effects on the EPS of ECB Group will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings arising from the exercise.

If the Eversendai Shares so purchased are cancelled, the Proposed Share Buy-Back will increase the EPS of ECB Group provided the income forgone and/or interest expense incurred on the Eversendai Shares purchased is less than the EPS before the Proposed Share Buy-Back.

2.4.4 Dividends

The Proposed Share Buy-Back is not expected to have any material effect on the dividend to be declared by the Company, if any, for the financial year ending 31 December 2021.

2.4.5 Shareholdings of Directors and Substantial Shareholders

Based on the Registers of Directors' Shareholdings and Substantial Shareholders' Shareholdings as at 30 March 2022 and assuming the Proposed Share Buy-Back is implemented in full (i.e. up to 10% of the issued and paid-up share capital) and that the Eversendai Shares purchased are from shareholders other than the existing Directors and substantial shareholders of the Company, the effect of the Proposed Share Buy-Back on the shareholdings of the existing Directors and substantial shareholders of the Company by virtue of Section 127 of the Act are illustrated below:-

2 DETAILS OF THE PROPOSED AUTHORITY TO THE COMPANY TO PURCHASE ITS OWN SHARES (CONT'D)

2.4 Effects of the Proposed Share Buy-Back (cont'd)

2.4.5 Shareholdings of Directors and Substantial Shareholders (cont'd)

	Before Proposed Share Buy-Back				After Proposed Share Buy-Back			
	Direct		Indirect		Direct		Indirect	
	No. of Shares	%	No. of Shares	%	No. of Shares	%	No. of Shares	%
Directors and Substantial Shareholders TSDNE	-	-	544,863,360*	69.77	-	-	544,863,360*	71.55
Directors Narla Srinivasa Rao	500,000	0.06	-	-	500,000	0.07	-	-
Substantial Shareholders Urusharta Jamaah Sdn Bhd	40,285,600	5.16	-	-	40,285,600	5.29	-	-

* Indirect interest pursuant to Section 8(4)(b) and 59(11)(c) of the Act

Notes:

(a) The Company will ensure that the Proposed Share Buy-Back will not result in the Company's public shareholding spread falling below the minimum public shareholding spread of twenty-five percent (25%) of its total listed shares.

3 IMPLICATIONS RELATING TO THE MALAYSIAN CODE ON TAKE-OVERS AND MERGERS, 2010

If the Proposed Share Buy-Back resulted in the equity interest of any one of the substantial shareholders and their respective parties acting in concert obtain control in the Company or if his/their existing shareholdings is between 33% to 50% and increases by more than 2% in any six (6) months period, the affected substantial shareholder and parties acting in concert would be obliged to undertake a mandatory offer for the remainder Eversendai Shares not held by the said affected substantial shareholder and parties acting in concert pursuant to the Malaysian Code on Take-Overs and Mergers, 2010 (the "Code"). However, a waiver to undertake a mandatory offer may be granted by the Securities Commission under the Code, subject to the affected substantial shareholder and parties acting in concert complying with certain conditions.

In this respect, the Board will be mindful of the potential implications relating to the Code. In the event that the obligations relating to the Code are expected to be triggered as a result of the Proposed Share Buy-Back, which is an action outside its direct participation, the affected substantial shareholder and parties acting in concert will apply to the Securities Commission for an exemption from undertaking the mandatory offer under the Code.

4 FUNDING

The Company will use its internally generated funds and/or external borrowings to finance the purchase of its own shares. The actual number of Eversendai Shares to be purchased, the total amount of funds involved for each purchase and the timing of each purchase will depend on the market conditions and sentiments of the stock market, the available financial resources and the amount of retained profits of the Company.

Pursuant to the Listing Requirements, the maximum amount of funds to be used for the purchase of Eversendai Shares for the Proposed Share Buy-back will not exceed the aggregate of ECB's retained earnings.

5 VALIDITY OF SHAREHOLDERS' AUTHORITY ON SHARE BUY-BACK

The Proposed Authority to the Company to Purchase its Own Shares, if approved by the shareholders at the forthcoming Nineteenth AGM, will be effective immediately upon the passing of the relevant ordinary resolution proposed at the forthcoming Nineteenth AGM and the authority conferred under the Proposed Authority to the Company to Purchase its Own Shares shall only be in force until:

- a) the conclusion of the next AGM of the Company at which time it shall lapse unless by ordinary resolution passed at the meeting, the authority is renewed, either unconditionally or subject to conditions; or
- b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever is earlier.
